

Brand Use License Agreement

This Brand Use License Agreement (Agreement) is made between Blockchain Security Services, with a place of business at 8 Sheldrake Gardens, Hordle SO41 0FJ, Hampshire, UK and its affiliate Blockchain Security Consulting & Blockchain Development Consulting (collectively the Company) and the customer accepting delivery of a product, solution of service or payment of an invoice or executing a smart contract on any blockchain main network or executing any quote or order for work (Customer). This Agreement is effective as of the last date signed on the quote or invoice document.

1 Customer Marketing

Customer may use Company name, logo, trademark, trade name, service mark, or other commercial designation to indicate the existence of a customer relationship between Customer and Company. Customer may place Customer's name and/or logo in audio and online presentations to other potential customers and business partners and use Company name in a press release.

2 Company Marketing

Company may use Customer's company name, logo, trademark, trade name, service mark, or other commercial designation to indicate the existence of a customer relationship between Customer and Company. Company may place Customer's name and/or logo in audio and online presentations to other potential customers and business partners and use Customer's name in a press release.

3 Personal Information

Employee names are not permitted to be used without written authorisation from Blockchain Security Services.

4 Non-Customers

Use of Company name, logo, trademark, trade name, service mark, or other commercial designation to indicate the existence of a customer relationship between Customer and Company is not permitted to be used on any other website or in any other publication electronic or otherwise without written permission from Blockchain Security Services.

No use of Company name, logo, trademark, trade name, service mark, or other commercial designation is allowed to be published on any website, audio, video, or online presentation without prior written approval from Blockchain Security Services.
